

THE BUGLE

Windsor's Quarterly Fire and Life Safety Newsletter

POOL SAFETY

- **Constant Supervision:** Never leave children unattended near or in the pool. Designate a responsible adult as a "water watcher" who is solely focused on supervising swimmers and free from distractions like phones or conversations.
- **Buddy System:** Always swim with a buddy, even strong swimmers.
- **Establish Pool Rules:** Clearly communicate and enforce pool rules, including no running, no pushing, and no diving in unsafe areas.
- **Teach Children to Swim:** Enroll children in swimming lessons and encourage them to develop basic swimming and water safety skills.
- **CPR Training:** Ensure at least one adult in the household is certified in CPR and knows how to respond to emergencies.

FIREWORKS

Consumer fireworks are illegal in CT and children must be at least 16 years old to handle sparklers. Choose to celebrate safely this 4th of July and leave the fireworks to the professionals. Check out this [VIDEO](#) to learn more.

EMERGENCY PREPAREDNESS TIP OF THE SEASON

Each year, approximately 9,500 people are burned from grill fires or hot grills. To help keep you and your loved ones safe, NFPA tests your knowledge and demonstrates the proper way to use your grill safely to prevent fires in this video.
